SUMMARY

Detail-oriented Computer Engineering graduate with hands-on experience in frontend web development and project-based learning. Built, deployed, and maintained responsive web applications using **HTML, CSS, and JavaScript**. Completed a Web Development internship and multiple industry job simulations (AWS, Deloitte, Tata). Strong foundation in UI development, debugging, and translating requirements into clean, user-friendly interfaces. Seeking an entry-level Web / Frontend Developer role.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6), Responsive Design, Flexbox, Basic DOM Manipulation
Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools
Other: Basic REST API understanding, UI/UX principles, Debugging

PROJECTS

NyaySetu – AI Lawyer for the People | Web Application
• Designed and implemented a responsive frontend for an AI-based legal assistance platform.
• Structured legal information into user-friendly sections to improve accessibility and readability.
• Focused on clean UI, consistent layouts, and mobile-first design principles.

Web Quiz Application | HTML, CSS, JavaScript
• Developed an interactive quiz system with dynamic question rendering and real-time score calculation.
• Implemented responsive layouts to support desktop and mobile devices.

Web Streaming Application | HTML, CSS, JavaScript
• Built a frontend interface for video upload and playback.
• Improved UI responsiveness and layout consistency for smoother user experience.

INTERNSHIP EXPERIENCE

Web Development Intern – LearnTricks
• Worked on frontend development tasks using HTML, CSS, and JavaScript.
• Built and modified responsive web pages based on project requirements.
• Assisted in improving UI components and fixing layout-related issues.
• Gained hands-on exposure to real-world development workflows and version control.

EDUCATION

Bachelor of Engineering – Computer Engineering
MGM College of Engineering & Technology | 2022 – 2026

CERTIFICATIONS

• AWS Solutions Architecture Job Simulation – Forage
• Deloitte Data Analytics Job Simulation – Forage
• SAP Code Unnati

ACHIEVEMENTS & ADDITIONAL

• Runner-up – Internal Hackathon 2024
• Active participant – Google Developer Group (Jams & Seminars)
• Availability: Immediate | Open to On-site / Hybrid / Remote roles
